SALE TERMS

All cattle sell under the recommended Sale Terms and Conditions of the American Simmental Association and are available by request. 1/3 semen interest will be retained by breeder on all lots.

GENOMIC TESTING

All bulls have been LD-genomic tested, parent verified and have the genomics entered into their EPD's in the catalog.

DELIVERY

Free delivery within 300 miles for all bulls purchased. We will assist buyers in coordinating loads and make the most economical trucking arrangements possible. The females will need to be picked up within a few days of the sale there is no delivery of the heifers. We will provide free keep on the bulls until April 1, 2022. After April 1, 2022 there will be a charge of \$2.00 per day.

GUARANTEE

Bulls will be 100% guaranteed to semen test and breed. If bulls are left at our Ranch to feed until April 1, 2022, risk is at the buyer's expense. It is suggested that all bulls be insured.

WELCOME TO HANNAFORD!

It is with great pleasure to welcome you to the 2022 Dakota Power 18th Annual Production Sale.

As most of you have already know that we will be holding the sale at our farm 1/2 mile East of Hannaford. The bulls and female will be penned there for your viewing and we will head into Hannaford at 1pm to The Mercantile to hold the video auction. We feel that there will be a tremendous amount of stress taken off of the cattle not having to haul them and house them in a different environment. So please join us that day for a complimentary meal starting at 11:30 and stay after the sale for fellowship and hospitality.

As always, we offer free keep until after semen testing has been completed in April. We offer free delivering within a 300-mile radius and will work with you in the event the bulls have further to go. You will be able to view all bulls online on our website, triplehsimmentals.com or on DVAuction, dvauction.com. We also invite you to our place and evaluate the cattle prior to the sale, visitors are always welcome.

Every year we expect to offer you a set of bulls superior to those before. This set of bulls will have what you are looking for. Look through the offering, find what you like and give any of us a call to discuss your needs. We are always happy to lend a hand in finding the right bull and genetics to fit your operation. We continually hear past customers say our bulls hold up well during and after breeding season. We strive to produce functional cattle which work in our herd and, more importantly, in yours!

The bred females that we are offering are from the heart of our replacement pen. These females have all been bred to THSR Iconic G932, a bull that we think a lot of and knew we wanted to use from an early age for his maternal pedigree. The heifers have had both rounds of Scour Bos and two rounds of Vira Shield 6 VL5 HB along with all calf hood vaccinations. We feel these females will go on to make great cows.

We are very excited about this 2022 offering. On February 14th, we will bring another great group of bulls to offer you a superior set of genetics.

Watch & bid online for **FREE** at

DVAuction
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.
